

# HISTORIC MIRAMAR INFRASTRUCTURE IMPROVEMENTS PROJECT (HMII3) Newsletter

December 23, 2019 Vol. 36

The HMII3 Project Team is managing the Historic Miramar Infrastructure Improvements Project Phase 3 (HMII3). The intent of this project is to update the 1950's era water mains, construct new storm drains and swales, and enhance fire protection with additional fire hydrants. It will also provide sanitary sewer services that will allow property owners to abandon their septic tanks once connected to the new sewer system. This project will also improve stormwater drainage in your neighborhood.

We wish you and your families a happy, peaceful and prosperous holiday season! In recognition of the Christmas and New Year holidays, there will be no activity on December 24 and 25, 2019 and January 1 and 2, 2020.

Reynolds Construction will continue HMII3 roadway restoration during the holiday vacation period. The restoration crew will be active on December 23, 26, 27, 30, 2019 and January 2 and 3, 2020. Roadway restoration will be limited to grading and paving. Heavy equipment will be present in the project area on SW 66th Avenue and Sunshine Boulevard.

Roadway restoration in the HMII3 project area will remain in progress December 19, 2019 through January 3, 2020 and is limited to grading and paving the following roadways:

- Sunshine Boulevard/SW 68th Way between SW 23rd Street and SW 68th Terrace
- SW 66th Avenue between SW 22nd Street and Pembroke Road

As we closeout Phase 3 of the HMII, we will be addressing all pending project claims and complaints. If there is a concern regarding your property, please contact Adams Consulting Group at [hmi3@adamsconsulting.biz](mailto:hmi3@adamsconsulting.biz) or 954.998.3146.
