

CITY OF MIRAMAR CONSOLIDATED RETIREMENT PLAN & TRUST FUND
August 13, 2024 Meeting
MINUTES

Mayor/Chairman Messam called the meeting of the Board of Trustees of the City of Miramar Consolidated Retirement Plan & Trust Fund to order on August 13, 2024 @ 10:05 A.M. in the Commission Chambers on the 1st Floor of 2300 Civic Center Place, Miramar, Florida

TRUSTEES PRESENT:

Mayor/Chairman Wayne Messam, City Manager Roy Virgin, Trustee Hector Vazquez, Trustee Heather Dailey, Trustee Tecora Noble, Trustee Fiona Morrell, Trustee Clinton Taylor and Trustee Mark James. Trustee Rafael Sanmiguel attended via telephone.

ABSENT AND EXCUSED:

OTHERS PRESENT:

Fund Attorney Adam Levinson of Klausner, Kaufman, Jensen & Levinson, Fund Consultant Mr. Brad Hess of Mariner, Fund Custodian Ms. Mindy Johnson and Mr. David Lederer of Fiduciary Trust, Fund Auditor Ms. Annette Williams of S. Davis & Associates and Administrator Althea Leigh-Lodge of Benefits USA, Inc. Fund Auditor Ms. Tanya Davis of S. Davis & Associates and Ms. Yolanda Shea of FHATPA attended via telephone.

APPROVAL OF MINUTES:

June 11, 2024– Regular Meeting

Trustee Noble moved to approve the minutes of the June 11, 2024 Regular Meeting. The motion was seconded by Trustee Vazquez and the motion passed 9-0.

PUBLIC COMMENTS:

Chairman Messam opened the floor for public comments. Ms. Annette Lewis of S. Davis and Associates addressed the Board stating that she is bringing forward the Internal Audit Engagement Letter to present noting that it was not included in the meeting packet and that she has copies available that she will distribute shortly unless the Board would like her to distribute them now. Chairman Messam agreed and stated that this item will be addressed under “Unfinished Business” on the agenda as Item 7b.

INVESTMENT PRESENTATION & CONSULTANT REPORT:

a. Actuary –

Ms. Lodge reported that the actuary is not in attendance.

Mariner- Mr. Brad Hess

Mr. Brad Hess presented his Investment Performance Review Report for Period Ending June 30, 2024. He reported that it was a very strong quarter for the S&P 500, reporting two double digit first fiscal quarter and second fiscal quarter the S&P 500 was up plus 10% each of those quarters. He advised the Board that US Federal Reserve (the Fed) continued on its stable trajectory, holding rates steady during the second quarter. Capital markets have struggled to accurately predict the pace and timing of future Fed actions, resulting in an up and down quarter.

U.S Equity markets were mixed for the quarter, with Large Cap stocks strongly outpacing Small -Cap stocks. International Stocks also continued to experience growth during the 2nd quarter, but results were muted by a strengthening US Dollar.

Mr. Hess reported on the financial reconciliation noting that the Market Value at April 1, 2024 was \$249,166,515; Contributions totaled \$1,708,924; Distributions totaled -\$3,469,761,016; Management Fees totaled -\$202,857, Other expenses totaled -\$74,307; Income from investments totaled \$928,030; Appreciation totaled -\$926,122 and the total Market Value at June 30, 2024 was \$247,130,422.

Mr. Hess reported on the returns noting that the total Fund return for the quarter Net of fees was -0.07% vs. the Policy Index of 0.16%. FYTD (fiscal year to date) 13.64% versus the Index of 13.50%, 10 -year 7.62% compared the index at 7.71% and since inception 7.89% compared to the Index at 8.02%.

Mr. Hess reported that the managers performed in-line with expectations with some outperforming on the long term. There were no recommendations to rebalance and or make any changes to the existing investment strategy. He reported that all contributions have been going to Garcia Hamilton (GHA) which was the old Eagle account. He stated that he had a conversation with Mindy Johnson of Fiduciary Trust about potentially splitting the contributions just to make it equitable. and he is recommending transferring \$1.5 million to Loop Capital to even out the account.

Mr. Hess reported that it was his understanding that when the two Plans merged, the Managerial and the GE in to the Consolidated Plan, there would only be one R&D (Receipt & Disbursement) operating account, however, the Plan is being administered with two R&D accounts. One for the Managerial and one for the Consolidated Plan. He recommended if the Board agrees to consider consolidating the two accounts and perhaps this would require for the Administrator, Finance and Investment Consultant to discuss further in terms of what these efficiencies are. He further added that merging the accounts would not have a cost or policy impact on the Plan. Ms. Mindy Johnson from Fiduciary Trust concurred that merging the accounts would not have a cost impact on the Plan.

Trustee James suggested it would be best to consolidate the account the beginning of the new fiscal year 10/1/2024

A motion by Trustee Vazquez per the recommendation of the Consultant to raise \$1.5 million cash from Garcia Hamilton & Associates and transfer the funds to Loop Capital to even out the account. The motion was seconded by Trustee Noble and the motion passed 9-0.

Consent Agenda:

Ratification of Warrants #429 through Warrant#434 processed subsequent to 6/11/2024 meeting (see ratification sheet for details).

Warrant #429

Klausner, Kaufman, Jensen & Levinson (Inv. #35285 Svcs. thru 5/31/2024)	\$ 4,235.00
---	-------------

Klausner, Kaufman, Jensen & Levinson (Inv. #35677 Svcs. thru 7/31/2024)	\$ 577.50
Heather Dailey (Reimb. for hotel, mileage and tolls re: FPPTA Annual Conf.)	\$ 929.98

The Administrator reported that the items are being presented for ratification noting they have already been paid.

Trustee Vazquez moved to ratify payments of the invoices as listed on Warrant #429 through Warrant# 424 subsequent to the 6/11/2024 meeting. The motion was seconded by Trustee Sanmiguel and the motion passed 9-0

UNFINISHED BUSINESS

Ratification of 2024/2025 Fiduciary Liability Quote and Renewal

Ms. Lodge reported that as per the Board's request at the 6/11/2024 meeting they were able to secure a quote for renewal of the fiduciary Liability Policy. She added that the expiration date of the Policy was prior to the August meeting date and that as such the Trustees made a motion authorizing the Chair to sign the quote to place the policy in effect to be then ratified at the upcoming meeting. The item is before the Board to be ratified for the record.

Trustee Vazquez moved to ratify the action taken by the Chair for renewal of the 2024/2025 Fiduciary Liability Policy. The motion was seconded by Trustee Sanmiguel and the motion passed 9-0

Engagement Letter re: Internal Audit Control

Ms. Lewis reported that the Engagement Letter is as was previously discussed after the scope of service was accepted and the fee was approved. It has been reviewed by the Finance Director and Attorney and there are no issues. Chairman Messam commented that it was the request of the Board to have a form engagement letter adding that has been subsequently reviewed by the Finance Director and the Fund Attorney

Attorney Levinson provided some brief comments which he planned on addressing under Attorney's comments. He commented on the recent newspaper headlines and on T.V reporting from North Miami regarding issues of internal controls and making sure things are rigorously followed and that there isn't any open access for people to enter because it is an ongoing problem. He reported that prior to

the meeting he also had a conversation with a member of the City's IT team and he mentioned they regularly do training and understand the importance.

A motion by Trustee Noble granting the Chair authorization to sign the Engagement Letter for Internal Controls as presented by S. Davis & Associates. The motion was seconded by Trustee Vazquez and the motion passed 9-0.

NEW BUSINESS

a. Annuitant Beneficiary Change (Trustee Dailey)

Trustee Dailey reported that a few months ago, they had briefly discussed the option of changing an annuitant in a joint and survivor benefit and that she would like to revisit the topic now that Mr. Hughes is in attendance and has some questions.

Member Richard Hughes addressed the Board and stated, that he recently entered the DROP and as part of the process he had to choose a payout option on retirement. In reviewing the options that are available, he questioned what happens if the person named as your beneficiary passed away, do you have the opportunity to make a change upon full retirement? He stated that he found a provision in the Code called a Pop-Up provision so he contacted Ms. Dailey about it. Mr. Hughes would like the flexibility and option to change the annuitant for joint and survivor benefits. Trustee Dailey commented that the current Plan only allows for lump sum beneficiaries not joint annuitants.

Trustee Dailey commented that the grandfathered management members are able to change the joint annuitant but not the form of benefit. She stated that she would like to clean up the language for all participants. Chairman Messam commented, consistent with the other decisions the Board makes, is there a fiscal impact to the Plan?

The Trustees discussed the following;

- Further exploring the option for members and grandfathered retiree participants to change annuitants and possibly the form of benefit provided it can be achieved on a cost neutral basis to the Plan.
- Changing pension benefit beneficiaries based on life events and potentially establishing a limit on the number of times it can be changed.
- Bringing the actuary to the meeting to discuss a cost-neutral process and help the Board understand any financial impacts, cost of calculations and ensure no unanticipated losses occur.

In addition, the Trustees also discussed the following;

- The Trustee questioned the effectiveness of the current Pop-Up provision for existing Management Plan members and retirees and how it would apply to the GE side.
- Modifying provisions should be considered to allow all members, including retirees to participate in cost neutral Pop-Up benefits.
- Allowing retired members to choose a Pop-Up action would require actuarial calculations and checks for actuarial losses
- Purchasing a pop-up option is less expensive and provides insurance against future changes.
- Whether this change should apply to current retirees only or future retirees
- The Trustees suggested to bringing language back to see what it would read like.

Trustee Vazquez commented that the Board has always stressed flexibility to the members and suggested bringing the actuary for the next meeting for further discussion and analysis on this topic.

Attorney Levinson commented that with Police and Fire you are allowed to change the Joint Annuitant up to two times even after the Joint Annuitant dies. However, with the General Employees you don't have that available but with the Pop-Up the member has the option to purchase.

Attorney Levinson stated that he is okay with it if the Board wants to do the change administratively. The Trustees requested that

Actions to follow;

- Set up a meeting with the actuary to discuss the cost and impact of allowing retirees to choose a pop-up option and change their annuitant
- Bring back language for the ordinance that includes the option for all consolidated Plan members to change their annuitant at no cost to the Board
- Schedule the meeting with the actuary present to further discuss and provide assurance on the cost neutrality and implementation of these changes

b. Changes re: DROP Wire Processing Fiduciary Trust & MissionSquare (Ms. Mindy Johnson and MR. David Lederer

Ms. Johnson provided an update on the changes regarding the DROP wire processing with Fiduciary Trust and MissionSquare. She reported that a member for the Pension Payroll team logs into MissionSquare as the client to populate a roster of DROP members and their monthly payments. Ms. Johnson stated that typically, Plan administrators, not the bank, populate rosters for Pension Plans. She further explained how payments are set-up and processed for various Plans and offered to share the Spreadsheet with the City.

Ms. Lodge expressed her concerns for the lack of cross check if as the administrator she is the one logging in to MissionSquare and entering the information she sends to Fiduciary Trust as the monthly amounts, effective date and possible end date of the DROP. She reviewed the process which has been in place since the inception of the DROP with Fiduciary and assured the Board they have never had to field so many calls/inquiries from MissionSquare not knowing where to allocate funds received.

Trustee Dailey reported that the City was informed by members that their DROP payments were not deposited. She expressed that they (the City) should not be hearing from members about these issues before hearing from MissionSquare or our providers. Changes in the process occurred that were not communicated and worked through in advance, which caused this delay. What occurred is unacceptable; some of those deposits sat un-invested for three weeks. Trustee Dailey stated that processes must be put into place to ensure this does not occur again.

Fund Auditor Tanya Davis of S. Davis & Associates commented that she completely understands the administrator's concern that if she is doing all the work there is no longer a check and that there does not appear to be someone right now in the process to check her work. She commented that she would be happy to look into the situation not necessarily by 9/1/2024 but will work with Finance, Fiduciary Trust and Benefits USA to determine where that layer should come in and who would be involved in that additional layer.

Ms. Johnson informed the Board that Fiduciary Trust will process the 9/1/2024 DROP updates until everything is ironed out.

Attorney Levinson commented that there is a lot being discussed and provided a summary. He stated that the concept is, when someone enters the DROP, instead of the money being paid to the retiree, the money gets paid/deposited into the DROP account. The DROP accounts are with Fiduciary Trust;

they are the ones paying the money. MissionSquare is the administrator of the Self Directed DROP (Self Directed Mutual Funds) and members get to decide which Mutual Funds.

Actions to complete

- Staff will work with Fiduciary Trust and the Internal Controls auditor to develop an efficient plan for internal controls and checks and balances for the DROP accounts.
- The Attorney will schedule a call with MissionSquare, Finance and Human Resources to discuss progress and updates for the next meeting.
- The Board requested that a representative from MissionSquare attend the next meeting.

Mr. David Lederer addressed the Board and reminded them that he was here in February to introduce Mindy Johnson to the Plan as a result of the change in relationship management at the firm. He is here to provide an update on some of the background behind that change and the status of the update or where they are within the firm regarding the specific matter that triggered the change.

Mr. Lederer reported that he became aware of misconduct of one of their employees involving a limited number of checks for small dollar amounts. This triggered an immediate investigation and they promptly terminated the individual's employment and reported the matter to the regulators. He reported that the regulators have been engaged from every step along the way over the last couple of months and they have also cooperated with the police in their investigation. He stated this is now a criminal charge against the former employee that is pending in connection with conduct involving multiple entities unrelated to Fiduciary Trust. He commented, given the ongoing nature of the legal matter which has not reached conclusion, it is important that they preserve the integrity and client privacy.

Mr. Lederer reported that multiple reviews were conducted and it was determined that the misconduct at Fiduciary totaled less than \$50,000.00. He commented that they maintain a tremendous number of policy procedures and controls to protect their client's assets and rely on effective implementation of industry banking standards by other firms. Unfortunately, this individual circumvented the firm's policies and procedures and was able to deposit amounts that were not payable or due to him at another financial institution.

Mr. Lederer further stated that not only did the individual circumvent their procedures but he also circumvented industry practices. He assured the Board they are committed to taking all the necessary action to protect every client asset. He reported that every impacted client of theirs was immediately contacted and those clients have been made whole. Mr. Lederer commented that he recognizes there has been a sense of a lack of transparency and assures the Board this was mainly due to the criminal matter.

Chairman Messam asked if Miramar accounts were impacted and Mr. Lederer responded in the negative. Trustees Dailey asked whether the issue was identified by their own internal audit control or was it identified otherwise in a different manner? Mr. Lederer responded that they were contacted by Law Enforcement and asked certain questions which triggered their investigation. Trustee Vazquez asked if there are additional safeguards that are being instilled by the company to hopefully avoid these kind of situations? Mr. Lederer responded yes, stating that upon learning of the misconduct, they promptly made many changes to existing relevant procedures to further strengthen their controls and they are continually reviewing their control. Chairman Messam asked was this a solo actor or did it involve multiple individuals. Mr. Lederer responded there was no other employee involved. Chairman Messam commented that the Board appreciates them bringing the matter forward.

ATTORNEY REPORT:

Follow up re: Draft Ordinance & Impact Statement

Attorney Levinson reminded the Trustees of the deadline to file their Form 1 Disclosure and if they haven't already done so, they should not leave the meeting before talking to him. He reminded the Trustees of the upcoming FPPTA event scheduled for September 22-25, 2024 with the offer to look him up.

Attorney Levinson reported that things are progressing and that he will continue working on the ordinance regarding the Post Retirement Option (PROP) and simplify it by delegating to MissionSquare's existing DROP loan program. He reported that he had a conversation with MissionSquare in the last couple days with the attorneys and their additional staff because it is a big task and it is something which is not being done in Florida. Attorney Levinson commented that Miramar will be the blazing trail if this gets adopted. MissionSquare will administer the DROP loans and 457 loans with potential future presentation at a meeting. Attorney Levinson reported that he will schedule a call with MissionSquare, Finance and Human Resources to discuss potential updates for the next meeting.

Trustee Dailey commented that people are starting to ask questions regarding the DROP loan and asked can it be implemented with an Administrative Rule/Policy. Attorney Levinson suggested to keep it simple it would be the same as its done for the 457 that would be delegated. Attorney Levinson commented that the actual process has to be in an ordinance. Attorney Levinson commented that this should be no impact to the Plan if it's administered by MissionSquare and that he will request someone from MissionSquare attend the meeting.

ADMINISTRATOR'S REPORT: (See Pension Matrix and spreadsheet included with the minutes for Management)

- a. Distributions/Refund of Contributions – (1) Management (1)
- b. Application to Enter the DROP (2)
- c. Approval of DROP Notification of Benefits Payable (3)
- d. Application of Normal Retirement (4 Exited DROP) Management (1)

Trustee Dailey moved to ratify the actions taken as it relates to the above items listed as 10a through 10d regarding the respective members as listed on the Agenda, the Pension Matrix form and the information submitted by the existing Management Plan and to include a copy of the form with the minutes. The motion was seconded by Trustee Vazquez and the motion passed 9-0.

Correspondence: See Itemized List

- a. Email to Fiduciary Trust dated 6/13/2024 re; Capital Call Letter dated 6/10/2024 for 6/21/2024
- b. American Realty Advisors Letter dated 6/25/2024 Second Quarter 2024 Redemption
- c. Encore Fiduciary- Liability Insurance Renewal Application - dtd 6/11/2024
- d. Letter to Fiduciary Trust dated 7/3/2024 re: Verna Prince repayment to the Fund
- e. Letter to Fiduciary Trust dated 7/31/2024 re; Verna Prince repayment to the Fund.

Ms. Lodge reported this item requires no action and is for informational purposes only of the actions taken.

Communication:

Ms. Lodge reported that she sent out an email for anyone interested to attend so that she could go ahead and process the registration and then for Trustees to secure their hotel reservations.

Ms. Lodge also reported that she received a partially executed Mariner Contract which is available for signature. She commented that this has been the process that any contract for signature requires

approval. Chairman Messam asked has it been reviewed? Attorney Levinson responded that his office was involved in preparing it and that it is basically the same contract that other clients have. The dollar amount will be different but the terms and provisions have been approved by all of their mutual clients. He commented that there is no harm in authorizing the Chair to sign with the assumption it has already been signed

A motion by Trustee Noble granting the Chair authorization to sign the partially executed Mariner Agreement. The motion was seconded by Trustee Vazquez and the motion passed 9-0.

Chairman:

No additional report.

NEXT MEETING DATE:

Chairman Messam asked the Trustees are there any conflicts with the date of the next meeting as noted on the agenda? Hearing none, the next meeting is scheduled for September 10, 2024 @ 10:00 A.M.

ADJOURN:

Trustee Vazquez moved to adjourn the meeting. Trustee Sanmiguel seconded the motion and the motion passed 9-0. The meeting adjourned @ 11:50 A.M.

Secretary
