UNFINISHED BUSINESS

Follow up discussion and decision re: Proposal from Auditor regarding Internal Controls

Ms. Lodge asked is there going to be a contract with S. Davis and Associates as it relates to the engagement for Internal Controls. Chairman Messam suggested that the auditor needs to get with the Finance Department and decide how they plan to proceed.

NEW BUSINESS

a. Application for Renewal Quote of Fiduciary Liability Policy (Expires 8/1/2024)

Ms. Lodge reported that the Fiduciary Liability Policy expires 8/1/2024 and that she has a copy of the application for renewal quote available for the signature by the Chair. This is necessary to obtain a quote for renewal not to bind coverage.

b. Discussion re: possible COLA (Cost of Living Adjustment)

Attorney Levinson reported that there is no COLA applicable to members of the Plan. There are several ways to apply a COLA, one being a "Delayed COLA" which is less expensive. He commented that COLA's are not cheap, and there are provisions by which members can purchase a COLA and that impacts people differently. He commented that you can't take away a benefit that was there however you can take away the benefit prospectively.

Attorney Levinson stated that the actuary would be the one who needs to address this and that it would be for the union to decide whether or not to implement. He stated that he is willing to provide examples of other cities with COLA's and how it is applied. He suggested that the Trustees could talk to other Plan Actuaries and not each other to avoid being in violation of the Sunshine Law.

Trustee Vazquez reported that the conversation took place several years ago, around 2014, on the Management side and resulted in the approval of an employee paid COLA. There are currently provisions in the Code of Ordinance specific to the former Management Plan. City Manager Virgin commented that the GAME Union is now in negotiations and asked is the GE Pension and COLA matter being discussed? Mr. Cross commented that they haven't discussed the GE Pension.

Attorney Levinson commented that GE and Management consolidated and that the union members can always try to negotiate. He stated that the Union has the right to negotiate with the City to decide on such a benefit and who it applies to. Chairman Messam asked what is the interest for a COLA on the Union side? What's the sustainability, who pays for it and whether it would generate an unfunded mandate?

Attorney Levinson reported that there is a slate of options, there is the Ad Hoc COLA which would apply to members already retired. This type is a one-time COLA which can be revisited and is not locked in. The target used is the CPI (Consumer Price Index). He commented that the older retirees are the most impacted by inflation.

ATTORNEY REPORT:

Follow up re: Draft Ordinance & Impact Statement

Attorney Levinson reported that things are progressing

Trustee Vazquez expressed that he recalls there was an issue with the interest rate and asked has there been a determination on what rate will be used. Attorney Levinson responded that they would use the interest rate used for the 457 using the same protocol.

Attorney Levinson reminded the Trustees that the Form 1 Disclosure must be filed prior to 6/30 and offered his assistance should anyone have difficulty in completing the process they should contact him.

ADMINISTRATOR'S REPORT: (See Pension Matrix and spreadsheet included with the minutes for Management)

- a. Distributions/Refund of Contributions – (1)
- b. Application to Enter the DROP (1)
- c. Approval of DROP Notification of Benefits Payable (2)
- d. Application of Normal Retirement (3 Exited DROP)
- e. Approval of Notification of Benefits Payable (1)

Trustee Vazquez moved to ratify the actions taken as it relates to the above items listed as 10a through 10e regarding the respective members as listed on the Agenda, the Pension Matrix form and the information submitted by the existing Management Plan and to include a copy of the form with the minutes. The motion was seconded by Trustee Noble and the motion passed 5-0.

Correspondence: See Itemized List

- a. Letter to Fiduciary Trust dated 5/25/2024 re Verna Prince repayment to the Fund
- Ms. Lodge reported this item requires no action and is for informational purposes only of the actions taken.

Communication:

Chairman:

No additional report.

NEXT MEETING DATE:

Based on the proposed schedule, the next meeting date was scheduled for 7/9/2024 @ 10:00 A.M. The Trustees discussed vacation schedules and possible urgent items on the agenda with the only notation being renewal of the Fiduciary Liability Policy.

Chairman Messam asked what happens if the Board doesn't meet in July to review the quote for renewal prior to approving? Chairman Messam suggested that the Board could establish a certain threshold for example if the quote is within 15% of what is being paid now which would then authorize him to work with the administrator to execute.

Attorney Levinson commented that he has no objection to the Board delegating the ability allowing the administrator in consult with the attorney to go with the best insurance quote and having the Chairman sign for renewal to then be ratified at the August meeting to make sure the policy remains in effect.

Following discussion, the Trustees by consensus agreed to forgo the 7/9/2024 meeting and instead meet 8/13/2024 @ 10:00 A.M. for the next quarterly meeting.

ADJOURN:

Trustee Noble moved to adjourn the meeting. Trustee Vazquez seconded the motion and the motion passed 5-0. The meeting adjourned @ 10:45A.M.
